

After

After a storm comes a calm
After death the doctor
After dinner sit a while after supper walk a mile
Every hour out of bed after midnight is a nail in your coffin
Fish and guests smell after three days
If you run after two hares you will catch neither
It is easy to be wise after the event
Step after step the ladder is ascended
The devil looks after his own
One hour's sleep before midnight is worth two after
It is too late to shut the stable-door after the horse has bolted
After dinner rest a while after supper walk a mile
After the feast comes the reckoning
