

Catch

Catch not at the shadow and lose the substance
Catch your bear before you sell its skin
Eagles catch no flies
First catch your hare
If you run after two hares you will catch neither
Set a thief to catch a thief
Throw out a sprat to catch a mackerel
To frighten a bird is not the way to catch it
Venture a small fish to catch a great one
You cannot catch old birds with chaff
Eagles do not catch flies
Keep no more cats than will catch mice
If the sky falls we shall catch larks
Sue a beggar and catch a louse
