

Fish

All's fish that comes to the net

The best fish swim near the bottom

Fish and guests smell after three days

Fish follow the bait

The fish will soon be caught that nibbles at every bait

The great fish eat up the small

Never buy fish in the sea

There are as many good fish in the sea as ever came out of it

Venture a small fish to catch a great one

Better are small fish than an empty dish

Big fish eat little fish

The cat would eat fish but would not wet her feet

The fish always stinks from the head downwards

There are as good fish in the sea as ever came out of it

All is fish that comes to the net

When the last tree is cut down the last fish eaten and the last stream poisoned you will realize that you cannot eat money

Little fish are sweet

A woman without a man is like a fish without a bicycle
