

### Water

Blood is thicker than water

Cast no dirt in the well that gives you water

A donkey asked to a wedding either to carry water or bring wood

Don't pour out the dirty water before you have clean

Fair water makes all clean

He who seeks for wealth without previous wealth is like him who carries water in a sieve

If the lad go to the well against his will either the can will break or the water will spill

It is good fishing in troubled water

A mill cannot grind with the water that is past

Salt water and absence wash away love

Water is a boon in the desert but the drowning man curses it

You can lead a horse to the water but you cannot make him drink

You may lead a horse to the water but you cannot make him drink

You never miss the water until the water runs dry

Dirty water will quench fire

You can take a horse to the water but you can not make him drink

No matter how long a log stays in the water it doesn't become a crocodile

The mill cannot grind with the water that is past

You never miss the water till the well runs dry

Do not throw out your dirty water until you get in fresh

Do not go near the water until you learn how to swim
