

Way

Better to ask the way than to go astray
It is as well to know which way the wind blows
The longest way round is the nearest way home
Love will find a way
A man knows his companion in a long way and a little inn
The only way to keep a secret is to say nothing
Pouring oil on the fire is not the way to quench it
The shortest way round the longest way home
A straw will show which way the wind blows
To frighten a bird is not the way to catch it
The way to a man's heart is through his stomach
The way to babylon will never bring you to jerusalem
Where there's a will there's a way
The longest way round is the shortest way home
Straws tell which way the wind blows
There is more than one way to skin a cat
A wilful man must have his way
