Believe not all that you see nor half what you hear
Cherish what you have and struggle for better
Defer not till tomorrow what may be done today
Enquire not what is in other's pot
He that has no children knows not what is love
He who peeps through a hole may see what will vex him
He who says what he likes shall hear what he does not like
If you cannot get what you desire desire what you find
It is a fraud to borrow what we are not able to repay
Leave not till tomorrow what can be done today
Let not thy left hand know what thy right hand doeth
Man does what he can and god what he will
Never put off till tomorrow what may be done today
The pleasure of what we enjoy is lost by coveting more
Practice what you preach
Sickness tells us what we are
Speak fair and think what you like
Things are seldom what they seem
Think not on what you lack as much as on what you have
Vessels leak of what they hold
We cannot always take what we want
We soon believe what we desire

What goes around comes around
What is got over the devil's back is spent under his belly
What you've never had you never miss
What you have hold
What you do not know can not hurt you
You never know what you can do till you try
What you lose on the swings you gain on the roundabouts
You cannot lose what you never had
What manchester says today the rest of england says tomorrow
What matters is what works
What a neighbour gets is not lost
What is new cannot be true
Practise what you preach
Never put off till tomorrow what you can do today
What you see is what you get
What the soldier said isn't evidence
What you spend you have
What goes up must come down
It's not what you know it's who you know
The worth of a thing is what it will bring
