## Work

The devil finds work for idle hands to do  Every man is the son of his own work  First plan your work then work your plan  Great gain makes work easy  Many hands make light work  The end crowns the work  The eye of a master does more work than both his hands  Fools and bairns should never see half-done work  If ifs and ands were pots and pans there'd be no work for tinkers' hands  A woman's work is never done  Work expands so as to fill the time available  It is not work that kills but worry  If you won't work you shan't eat	All work and no play makes jack a dull boy
