

Knows

A discontented man knows not where to sit easy
Half the world knows not how the other half lives
He that has no children knows not what is love
He that travels far knows much
In the world who knows not to swim goes to the bottom
A man knows his companion in a long way and a little inn
Necessity knows no laws
Only the wearer knows where the shoe pinches
A woman conceals what she knows not
The frog in the well knows nothing of the sea
Who knows most speaks least
More people know tom fool than tom fool knows
Necessity knows no law
It is a wise child that knows its own father
