

Last

The fairest rose is at last withered
God comes at last when we think he is furthest off
He laughs best who laughs last
The last drop makes the cup run over
The last straw breaks the camel's back
Let the cobbler stick to his last
The pitcher goes so often to the well that it is broken at last
Quarrels could not last if prudence were in one side
Win at first and lose at last
There are no birds in last year's nest
The cobbler to his last and the gunner to his linstock
Be the day weary or be the day long at last it ringeth to evensong
The husband is always the last to know
It is the last straw that breaks the camel's back
When the last tree is cut down the last fish eaten and the last stream poisoned you will realize that you cannot eat money
He who laughs last laughs longest
Long foretold long last short notice soon past
