### Time

Be always in time too late is a crime
Busiest men find the most time
Do one thing at a time
Everything has its proper time and place
Footprints on the sands of time are not made by sitting down
A guest wanted comes at meal time
He doubles his gift who gives it in time
Life is short and time is swift
Lost time is never found again
Procrastination is the thief of time
A stitch in time saves nine
Take time by the forelock
There is a time to speak and a time to be silent
There is no time like the present
Time and tide wait for no man
Time flies
Time is money
What may be done at any time is done at no time
The worse luck now the better another time
There is always a first time
Never is a long time
One step at a time

**Third time lucky**

**The third time pays for all**

**There is a time and place for everything**

**There is a time for everything**

**Time is a great healer**

**Man fears time but time fears the pyramids**

**No time like the present**

**Time works wonders**

**Times change and we with time**

**Work expands so as to fill the time available**
